INGREDIENTS

**Trévo sets new records in antioxidant power.**

With astonishing ORAC and CAP-e antioxidant testing results, Trévo's nutrient-dense formula has skyrocketed into an entirely separate category of bio-available antioxidant nutrition far above juice drinks or other nutritional products.

If you do not get at least 4,000-5,000 ORAC units of antioxidant-type nutrition per day in your body, you are quickly losing the battle of the aging process, including the increased risk of a host of chronic diseases directly linked to free radical damage.

ORAC stands for Oxygen Radical Absorbance Capacity, and it is the standard method used in measuring antioxidant capacities of different foods. Through implementation of the very latest in nutraceutical technology, Trévo has scored a phenomenal ORAC rating of over 373,000 units per 32 ounce bottle. That is nearly 12,000 ORAC units in every fabulous ounce.

CAP-e (Cell-based Antioxidant Protection in Erythrocytes) testing determines whether natural products contain antioxidants capable of protecting live cells from free radical damage. When a protective effect is seen in the CAP-e testing, it demonstrates biologically meaningful antioxidant protection by the product. Trévo's CAP-e testing showed that the antioxidant nutrients in less than one-half ounce (13ml) of Trévo are powerful enough to start providing measurable cellular protection!

**What will it cost for my family to take Trévo every day?**

A couple can enjoy the benefits of Trévo for around the cost of a single cup of Starbucks coffee daily. If you visited a health food store and tried to duplicate the same quality and quantity of nutrients contained in Trévo, you would spend up to \$600 a month trying get the nutrition contained in just one bottle of Trévo.

**EMPOWERING WELLNESS FOR YOUR ENTIRE FAMILY**

Trévo works for everyone! Trévo is, quite simply, a one-of-a-kind formula providing full-spectrum nutrition to effectively fill your body's nutritional gaps.

**EXPERIENCE THE FABULOUS HEALTH BENEFITS OF TRÉVO'S 3-PHASE FORMULA**
