THE EMBODIMENT OF SUPER-NUTRITION

THE EMBODIMENT OF SUPER-NUTRITION

INSIDE

INTENTIONAL NUTRITION

As a global community, we simply are not giving our bodies the minerals, vitamins, and phytonutrients that they require. Many of us walk around with nutrient deficiencies shrouded by other health concerns or modern life stressors. It's time to be your own healthcare advocate, and Trévo is ready to support you.

But where to start? Walk down any vitamins and supplements aisle and prepare to be immediately overwhelmed by the sheer volume of choices. Trévo gives you an easy way to get the supplements you need. We've done the research for you.

Maxed out pill boxes full of your daily regimen of vitamins and supplements are a thing of the past when you incorporate Trévo. You can revolutionize your health by simplifying your routine with a single daily dose, no prep time required. Each ingredient in our multi-faceted formula was intentionally curated to work together to support optimum health, creating the ideal combination of elements that add up to more energy, resilience, and mental clarity—whole body wellness.

The beauty of Trévo is its efficiency. Because it is so naturally bioavailable, practically all of its nutrients are absorbed. The same can't be said for all the vitamin pills and capsules you have to take with a meal. With Trévo, you can take it whenever you choose, and your body takes everything it needs and puts it all to work.

Whole body wellness is within reach. The revolutionary power of Trévo supports your body's natural functions to FEED, SUPPORT & IGNITE your energy, your nutrition, and your immune system.

An advanced nutritional supplement, Trévo was developed to fill a need in our health system. Instead of starting at the source of wellness by giving our body the nutrition it needs, too often we focus on treating the after-effects. Our modern diets are void of the vital nutrients we need to live a full life, and that's where Trévo steps in with a pathway to whole body wellness.

Trévo provides your body with essential vitamins and minerals, as well as vital trace minerals, amino acids, essential fatty acids, powerful antioxidants, digestive enzymes, and CO-Enzyme Q10, all in one delicious and convenient formula.

The life-giving nutrients utilized in Trévo are sourced from every corner of the earth. We utilize powerful phytonutrients from exotic fruits as well as familiar fruits and vegetables, green superfoods, sea vegetables, herbs, and coral calcium complex to form a distinct supplement, unmatched in its antioxidant power and nutrient levels.

Whole body wellness means raising the standard for your quality of life: energy to spare, enhanced mental clarity, vibrant health, and holistic well-being.

TRUE WELLNESS ON A CELLULAR LEVEL
Trévo has utilized the latest in cutting-edge antioxidant measurements: Cell-based Antioxidant Protection in Erythrocytes (CAP-e) testing. While our ingredients speak for themselves, CAP-e testing demonstrates the remarkable high level of natural antioxidants in Trévo.

UNLEASH THE POWER OF SYNERGY

Synergy is the interaction of two or more ingredients or forces so that their combined effect is greater than the sum of their individual effects. Trévo has taken this powerful concept to a whole new level when it comes to nutrition. Unlike most other nutritional supplement products, Trévo does not rely on just one or two ingredients to provide the super-nutrition that your body requires to function at its best. Instead, Trévo features 174 plant-based ingredients that work synergistically together, complementing and intensifying the beneficial effects of each individual ingredient.

174 INGREDIENTS FROM AROUND THE GLOBE

- Powerful antioxidants
- 24 exotic and garden fruits
- 58 plant and sea trace minerals
- 18 vegetables and sea vegetables
- 25 herbs
- 13 essential vitamins
- 14 minerals
- 20 amino acids
- 5 green superfoods
- plant-sourced essential fatty acids
- 1,000 mg of marine grade coral calcium complex
- citrus bioflavonoids
- cruciferous vegetables
- digestive enzymes
- phytonutrients
- graviola
- Co-enzyme Q10

How does Trévo help provide whole body wellness?

We believe a holistic approach to nutrition and a realistic approach to food is the answer.

The truth is the world has changed. Our agricultural systems—in an effort to keep up with advances in infrastructure, technology and demand—can't produce the same wholesome and nutrient-rich products as before. Our soil, and therefore our food is depleted of the nutrients we require to live a full life. A simple home-cooked meal may feed your hunger, but it no longer meets your needs. Following the food pyramid may have nourished your family growing up, but most of today's foods are highly processed, trying to compensate for the flavors that used to be intrinsic to a dinner comprised of whole foods.

RECORD-SETTING ANTIOXIDANT POWER

With astonishing ORAC antioxidant testing results, Trévo's nutrient-dense formula has skyrocketed into an entirely separate category of bioavailable antioxidant nutrition far above juice drinks or other nutritional products. If you do not get at least 4,000-5,000 ORAC units of antioxidant-type nutrition per day in your body, you are quickly losing against time. Antioxidants fight against an increased risk of chronic diseases directly linked to free radical damage.

ORAC stands for Oxygen Radical Absorbance Capacity. Trévo has scored a phenomenal ORAC rating of over 373,000 units per 32 ounce bottle. That is nearly 12,000 ORAC units in every fabulous ounce.

DELICIOUS & CONVENIENT

UNIQUE. Trévo's 174 nutraceuticals give you the most advanced, one-of-a-kind formula ever developed. EASY. No more guessing about what your body needs. We've done the work for you. Enjoy Trévo every day to give your body the vital nutrients it needs to function at its very best. COMPLETE. Gathered from the four corners of the globe and masterfully combined into a highly bioavailable liquid containing essential vitamins and minerals, powerful antioxidants, amino acids, essential fatty acids, and vital trace minerals.

THE SIMPLE ANSWER TO THIS DEFICIT? TRÉVO HAS YOU COVERED.

Unmatched by any other nutritional supplements you will find on the market, Trévo's formula of 174 intentionally-curated ingredients provides you with a quick, delicious, and convenient way to feed, support & ignite your body. The powerful nutraceutical ingredients work synergistically together; complementing and intensifying the beneficial effects of each individual ingredient. The result is an antioxidant-dense liquid offering exceptionally superior vitamins and minerals to fill the gaps created by today's nutrient-depleted diets.

TRÉVO OFFERS A NATURAL WAY TO SUPPLEMENT YOUR DIET.

There's no harmful additives, no added sweeteners. Trévo contains 13 essential vitamins, 14 minerals and an antioxidant level impossible to consume through diet alone. To meet the equivalent of a daily dose of Trévo, you would have to visit the store daily to purchase and consume a grocery cart filled to the brim with fruits and vegetables. With Trévo, you can increase your time and energy in more ways than one.

IS TREVO SWEETENED WITH SUGAR-SATURATED ADDITIVES?

No. Trévo is naturally sweetened with 100% pure fruit juices, equipping your body to maintain a steady energy without an unhealthy sugar rush (and subsequent sugar crash). Natural sweetness and balanced ingredients mean you can feel better, think clearer, and maintain your energy on even your most hectic day.

TESTIMONIES

"I'm a firm believer in the health benefits of cleansing, but I found most cleansing products to be too harsh for my system. Then I discovered Trévo. With its natural detox ingredients, Trévo helps keep my internal systems in great working order while also giving me extra energy without caffeine or sugar. When I fast, I mix a couple of ounces of Trévo into my water so I know that my body is still getting everything it needs from a nutritional standpoint. I love Trévo and won't ever be with it!" – Glenda C.

"I just got back from walking into my cardiologist check-up 50 lbs lighter than my last appointment! And I'm walking much faster, breathing much more freely, and my blood pressure was the best it's been in over 12 years! I LOVE MY TRÉVO! Oh yeah, I look good, too!" – Kelly S.

"I am a businessman who deals with stress on a regular basis. This constant stress caused my physical health to deteriorate, and I always felt exhausted. I began taking Trévo a month ago, and I am very happy to report that my health is in good condition. I confidently recommend Trévo to everyone who has a busy life." – Babajide

"I was diagnosed with MS (Multiple Sclerosis) while I was still a teenager. When I was first introduced to Trévo, I took it to my doctor to get his thoughts about this product. He told me that a large number of Trévo's ingredients are known to provide powerful cellular protection as well as central nervous system support, and recommended that I try it. Today, I feel better, am able to think more clearly, and even get around better than I have in years." – Karen W.

"We simply are not getting the minerals, vitamins, and phytonutrients that our bodies require. That is why I am such a strong proponent of Trévo. I have never seen a liquid nutritional formula that is so completely absorbed into the gastrointestinal tract or that works as well as this product does." – Dr. Brian Wilmovsky, wellness expert and best-selling author

"Trévo has given my life back to me: not a life filled with debilitating pain and suffering, but a life filled with joy, good health, and fulfillment. And I'm so grateful and feel so blessed that it was my son, Mark, who gave this precious gift to me." – Georgia Stevens, Mark's mother
